## What Should I Expect On Photography Day?

Arrive about 10-15 minutes before your scheduled appointment time. This allows you time to fill out paperwork, touch up everyone's hair and makeup and relax a bit before your portrait sitting. Talk with your photographer about any special shots you may be wanting prior to beginning your session.

## What Should We Wear to Our Sitting?

Children and adults should all come dressed in jeans and matching color shirts or color-coordinated outfits. Bright or vibrant colors work better than pastels and give your portrait more life. Avoid large plaids and bold prints or patterns which will detract from the faces and overpower your portrait. Your photographer will do family poses first.

Children's costume changes and poses will be done after the family shots are completed.

***Capturing the faces and natural expressions  
of your family members is our goal.  
Relaxed, honest portraits - the REAL YOU.***
